

# DHS to Vote on Incorporation Tuesday

## 21 Vie For City Council

### DESERT HOT SPRINGS—

A wide variety of social and economic backgrounds will be available to voters who will be called upon to select five councilmen from a field of 21 candidates when the community votes on incorporation here tomorrow.

Oddly enough, none of the 21 may take office. Regardless of which five candidates gain the most votes, none would be elected should the incorporation measure fail to pass.

ALTHOUGH HIS name will appear on the ballot, A. E. Finch, general manager of the Desert Hot Springs County Water District, again affirmed his decision not to seek a councilmanic post.

"Due to the fact that the responsibilities of operating your Water District have increased and will continue to do so, therefore I feel that maintaining an efficient operation is most vital to our community, and if elected I would resign," Finch declared.

Of the other 16 men and five women whose names will appear on the ballot, some have conducted vigorous campaigns, some have not. Most often heard platform plank from the widest variety of campaigners is a demand for "harmony" in government and a minimizing of "dissension and friction" among groups.

### BIOGRAPHICAL DATA on all candidates follows, alphabetically:

Albert W. S. Austen, an 80-year-old widower, lives at 66-41 Acoma Street. He has been a resident for three and a half years and was an accounting executive cashier for East Coast firms before moving to the Desert. Austen is treasurer of the DHS Improvement Association, secretary-treasurer of United Community Agencies for the DHS area.

Samuel Benton, a 71-year-old retired construction superintendent, lives with his wife, Dora, at 66-134 Acoma. A six-year resident, he was formerly employed by the Southern California Edison Company. Benton has been president of Angel View Crippled Childrens Foundation for the past four years.

Nicholas Boychuk, a 69-year-old widower, lives at 66-300 Cahulla, and has been a grocer, coal mine operator and building contractor. He is the only candidate with prior experience, having served as councilman in Schenectady, N. Y. for six years in the late 30s and early 40s.

### ENGINEERS STRIKE

## Northwest Ends Domestic Flights

ST. PAUL, Minn. — Northwest Airlines announced today it will ground all its domestic flights at the end of the day as a result of the latest flight engineer walk-out.

However, Northwest officials said the line would begin immediate daily jet service across the Pacific despite the strike.

NORTHWEST FLIGHT engineers who man piston engine planes went on strike today, joining jet flight engineers who walked out three months ago.

The airlines is the nation's sixth largest.

## Algeria Plan To Be Pushed By De Gaulle

Overwhelming  
Confidence  
Vote Recorded

PARIS — President Charles de Gaulle, riding high on a new note of confidence from the French people, will speed his efforts to end the 6-year-old Algerian War, informed sources said today.

Jacques Soustelle, spokesman for the right-wing settlers in Algeria admitted that the voters had handed De Gaulle a "blank check" to carry out his Algerian policies.

DE GAULLE RETURNED to Paris from his country home where he heard the results Sunday night of the nationwide referendum vote on his Algerian policies. He met with Premier Michel Debre today and planned to meet with the cabinet Wednesday morning to review the situation.

Nearly complete results of the referendum from metropolitan France, Algeria, Sahara, overseas departments and overseas territories (not including Polynesia) gave this picture:

**VOTES CAST** — 23,984,953; yes — 17,423,691 (79.94 per cent of valid votes); no — 5,822,603 (25.06 per cent of valid votes); abstentions and invalid votes — 9,178,727 (28.30 per cent); percentage of "yes" votes to registered voters — 53.12 per cent.

Backed by a solid 75.25 per cent of the votes cast in metropolitan France, De Gaulle was expected to push ahead rapidly.

WHILE NO widespread violence materialized immediately as the referendum results were announced, a smattering of incidents were reported.

Moslems swinging axes and shovels ran riot through the eastern Algerian town of Batna this morning. They clashed with security forces, looted homes and smashed cars. But there were no immediate reports of casualties.

At least 36 Moslems were killed in violence that erupted during the three days of the referendum. The most serious clash occurred Sunday at the Algerian town of Tiarret in which 12 were killed.

## Council Hears New Railway Express Plan

Proposals Made  
At Informal  
Meeting Today

Palm Springs City Council members and guests today were scheduled to hear a review of proposals for increased Railway Express service and rate reductions here, in exchange for permission to consolidate the Indio and Palm Springs service offices.

J. M. McFadden, special unpaid city consultant in the Railway Express application, was slated to make the presentation to the council during its pre-council meeting luncheon today.

W. J. KELLY, assistant Railway Express superintendent for Southern California, Arizona, and New Mexico, accompanied McFadden to answer councilmanic questions. McFadden, a retired industrial engineer with extensive rail and motor freight professional experience, told The Desert Sun that Railway Express has offered to begin free pick-up and delivery service for the country club developments between Palm Springs and Indio, in return for permission to serve this city from the Indio office.

IN ADDITION, Railway Express proposes rate reductions which would save Palm Springs residents an estimated \$3,033 annually. As an example, the 100 pound rate from Los Angeles to Palm Springs would be reduced from the current \$6.11 charge, to \$5.54.

Railway Express, whose petition to close the Palm Springs office and consolidate it with the Indio operation, would keep its Public Utilities Commission certificate for the West Palm Springs station. Weekend and holiday service could be handled through the West Palm Springs station. Free pick-up and delivery would normally be handled through Indio, McFadden reported, explaining that the Palm Springs office has been served by truck from Indio for several years.

All current services would be continued, including second delivery, according to the Railway Express proposal.

MINOR INJURIES RESULTED from a head-on crash on Highway 111 one mile west of Palm Desert at 10:50 p.m. Sunday, when a car driven by Roy Goree, 25, of 702 Cedar Street, Palm Springs, struck a vehicle driven by Orville Chedester, 49, of Visalia, Goree, west-bound on Highway 111, was charged with driving on the wrong side of the road at the time of the crash with east-bound Chedester. Goree received minor injuries, refused treatment. His car was totally demolished when it rolled over. Chedester's vehicle sustained moderate damage. (P. S. News-photo)

## Stevenson Partner Named FCC Chairman

President Eisenhower today agreed to meet again with President-elect John F. Kennedy at the latter's request, on Jan. 19, the day before inauguration.

The two men will confer privately, then will meet with their ranking aides, the White House said.

Kennedy and Eisenhower held their first meeting in Washington Dec. 6, primarily to discuss matters involved in the transition of authority.

KENNEDY SAID in Florida last week that the transition was proceeding so well that another meeting with Eisenhower was not indicated at that time.

The troubled international situation, however, was believed responsible for Kennedy's request for a second meeting.

Earlier today, in Boston, the incoming chief executive added a Federal Communications Commission chairman to his new administration.

Kennedy's choice for chairman of the heavily criticized FCC was Newton N. Minow, 34, Chicago law partner of Adlai E. Stevenson, the 1952-1956 Democratic presidential candidate recently named by Kennedy as United Nations ambassador.

ANNOUNCEMENT OF the Minow appointment came as the future chief executive began a one-day stand in his home town while his corps of advisers continued to grind out task force reports which will form the basis of later legislative recommendations to the new congress.

Minow was named to replace Frederick W. Ford, a Republican

### RESCUE HOSTAGES

## Troopers Smash Prison 'Escape'

PHILADELPHIA — Thirty-two long term convicts, including a slayer under death sentence, stabbed two guards and seized nine hostages at Eastern State Penitentiary Sunday night before their bid for freedom was smashed by tear gas-hurling state police.

Pennsylvania Commissioner of Corrections Arthur Prasse said that when state troopers broke the back of the escape attempt Anthony (Tough Tony) Scoleris, 26, Philadelphia, was threatening Lt. William Righter, 54, a hostage guard, with a knife.

PRASSE SAID Scoleris's younger brother, Edward, also was with his brother in a prison garage at the time.

The elder brother was sentenced to die in the electric chair for the 1958 holdup murder of Max Gordon. South Philadelphia novelty store owner, Edward was sentenced to life imprisonment in the same slaying.

RIGHTER SUFFERED a superficial wound of the right ribs. It

who was expected to remain on the commission but not as chairman.

Local, National  
Scope of Plans  
Told in Detail

WASHINGTON — With the opening of the 87th Congress on January 3, Congressman D. S. Saund (D-29th District) initiated an ambitious program of objectives which he will pursue during the next two years.

These include:

— REOPENING OF Corona Naval Hospital

— Appropriation of funds to begin construction of the Tachevah Creek Flood Control Project at Palm Springs, which was authorized by Congress last year after Saund waged a hard fight to save it from defeat.

— Appropriation of \$2 million to complete construction of the San Jacinto River — Bautista Creek Flood Control Project in the Hemet — San Jacinto area, a project which Saund brought to life in 1957 after years of dormancy.

— Protection of desert area fruit and vegetable growers from severe competition from Mexican-grown produce as a follow — up to a Tariff Commission field study conducted in October at Saund's request.

— PASSAGE OF A BILL to insure Southern California's present supply of Colorado River water while water is being stored behind Glen Canyon Dam near the Arizona — Utah line.

— Passage of a bill to control Mexican border crossings by unescorted juveniles.

— Passage of a bill to provide for proper development of vast acreages of desert land yet to be released to the public in Riverside County and other areas.

SAUND INITIATED action on some of his objectives by introducing the following bills on opening day:

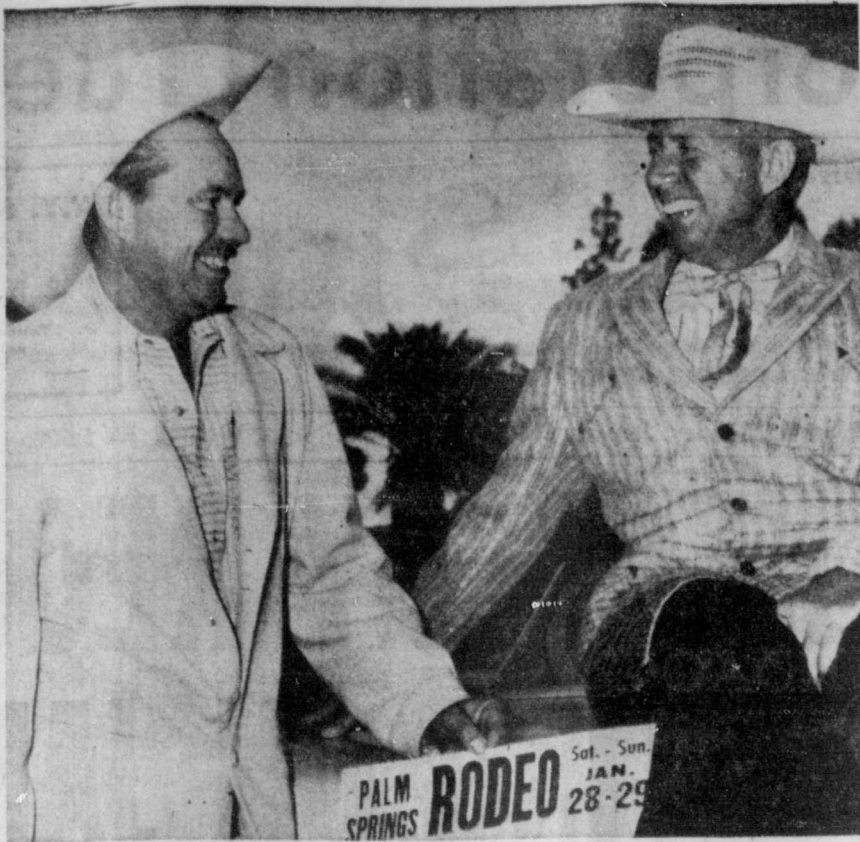

— A bill to grant Riverside County's claim of \$100,000 for damage done to the runways of Ryan Hemet Airport by the Marine Corps during World War II.

— A bill to authorize long-term leases on the lands of the Torres-Martinez Indian Reservation along the Salton Sea to attract capital for resort development.

— A resolution directing the Secretary of the Interior to continue saline studies of Colorado River water.

— A resolution expressing the sense of Congress that nations receiving military assistance under the mutual security program guarantee their people freedom of speech, religion and press.

— A bill to extend the A and B cotton program for another year. The program expired at the end of the 1960 crop year.

WARREN COBLE, left and Cliff Campbell have been named co-chairmen of the 21st Annual Palm Springs Rodeo by Capt. Clare Ballagh, of the Palm Springs Mounted Police. The

## \$40,000 'RENT-A-CAR' PLANT

## Hertz Opens New Office Here

The Hertz Corporation has opened a \$40,000 rent a car sectional headquarters at 166 Indian Avenue. J. Howard Burns, Southern Pacific zone manager, terms the building "the most modern and unique rent a car structure in Southern California."

"HERTZ SELECTED Palm Springs for its new sectional headquarters because of the recent stepped — up demand for rent a car service in the area, and indications of even further development as a major tourist attraction," Burns said.

The new Palm Springs office will cover Hertz Rent A Car locations and operations in Riverside, San Bernardino, Ontario, Ontario International Airport and Pomona.

The one-story building, on a 13,000 — square — foot completely paved lot, is of contemporary design highlighted by red norman brick walls combined with a glass and aluminum front exterior. There are 2,700 square feet of space inside the building, which

is completely air conditioned, with all offices designed with extra high ceilings for spaciousness.

ARCHITECTURAL WORK and design were done by Harris and Rice, Los Angeles. Kip Construction Co., Burbank, was the general contractor.

Jack Mason is manager of Hertz rent a car operations in Palm Springs.

## City National Bank Earnings At Record High

City National Bank's continuing success story is again highlighted in its year — end statement of condition released yesterday, reporting total resources and earnings at an all time high in the bank's history.

Climaxing seven years of operation, the assets were reported at \$125,791,540 reflecting a 22 per cent increase over Dec. 31, 1959, and net operating earnings from the year 1960 of \$894,977, a 60 per cent increase over the year 1959.

In commenting on the figures, Alfred Hart, president, stated that the continuing record — breaking growth, well in excess of \$1 million per month in assets for each month the bank has been in business, has shattered all national banking records.

Hart revealed that the bank achieved national recognition in 1960 by becoming one of the nations top 300 out of a total of 14,000 banks. It is now also 17th largest in the State of California. He attributed the remarkable growth to the bank's policy of service, convenience and modern banking facilities in its ten offices.

# Kuchel Not Withdrawing For Nixon

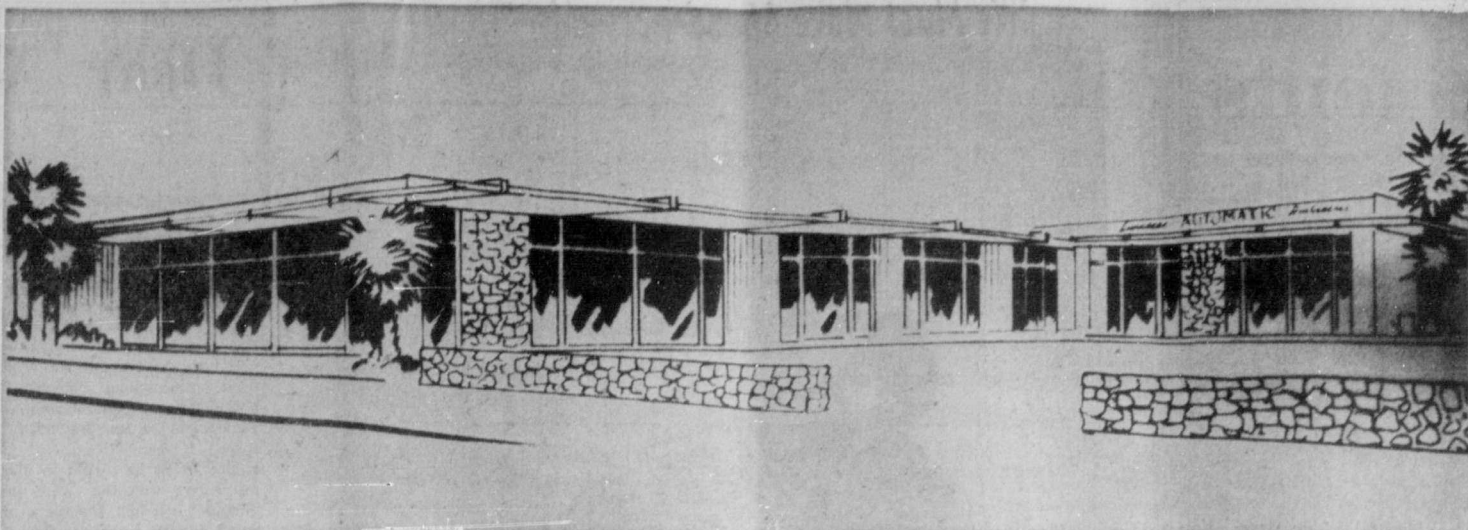

GOP Senator Nixes  
Musical Chairs'  
Request by Morton

WASHINGTON, Jan. 9. — Sen. Thomas H. Kuchel, R-Calif., has rejected the suggestion that he might bow out in 1962 to let Vice President Richard M. Nixon run for his Senate seat. "I am too old to play musical chairs, politically or socially," Kuchel said when informed Friday that Republican National Chairman Thruston B. Morton had raised the possibility.

MORTON SAID ON A television program with Rep. Jessica Mcc. Weis, R-N.Y., prepared for Sunday showing in Rochester, N. Y., that he didn't know whether Nixon had decided on his political future.

"He'd have two opportunities," the Kentucky senator said. "In 1962, we have a Senate race in California with a Republican incumbent there who's a good friend of the vice president and they might work out some accommodation there."

MORTON SAID THE other possibility was for Nixon to run for governor of California in 1962. He added "it's conceivable that the vice president would make that race. The present governor, Edmund G. (Pat) Brown is a Democrat.

ARTIST'S SKETCH of the new, modern, all steel structure which houses the Automatic Laundry and Dry Cleaners at 364 South Indian Avenue is pictured above. The entire facilities will be demonstrated to the public at an open house from 7 to 9 p.m., Tuesday.

FROM 7-9 P. M. TOMORROW

## All-New Automatic Laundry Opening Due

Official opening of the Automatic Laundry's new, completely modern, all-steel building at 364 South Indian Avenue is scheduled for tomorrow night — marking the third stage in a 10-year success story.

The entire plant will be open for public inspection from 7 to 9 p.m.

It was just a little over a decade ago when two enterprising young men, Morton Weissman and Edward Erie, opened the Automatic Laundry as a complete laundry service in a small leased building on Indian Avenue.

JUST SIX YEARS later in 1955

the business had increased to such an extent that a larger building was urgently needed, and a lease was secured nearby on which the partners erected a structure three times the size of the former building.

Dry cleaning facilities were added, and it was at this time that the well known Sanitone dry cleaning process was being licensed in various cities throughout the nation, and the Automatic Laundry and Dry Cleaners was awarded an exclusive franchise in the Desert area.

HARDLY HAD the partners become settled in the new and larger building than their business took another spurt, increasing so rapidly that another move to larger quarters became a necessity.

"We decided to have the finest and largest plant in the area, and to have it planned so that additional facilities could be added without incurring the cost of moving to another location again," Weissman said they decided.

Wexler and Harrison, members of the American Institute of Architects, were called in and informed of the decision.

THE PRESENT structure, all steel and with every modern facility, is the result. It is "L" shaped, one story, that has been planned for a second story when needed.

Features include clear spans for conveyor installations, open ceiling for running lines, smooth wall surfaces that are easily cleaned, completely air conditioned.

WEISSMAN, A native of Brooklyn, is a graduate of the University of Florida. Discharged from the army after five years with the rank of captain, he entered the laundry business in Los Angeles. On a visit here he decided that this would be the place for his future. His wife, Helen is a native of Chicago, and they have two children, Wendy Ellen and Laurel Anne. They reside at 925 East Sunny Dunes Road.

Erie, a native of Spokane, Wash. has had some 25 years experience in the dry cleaning business in Southern California. After spending two years in the Army Medical Corps during World War II in the Southwest Pacific he opened a cleaning establishment in Beverly Hills.

HE, TOO, ON A visit here, saw the opportunities existing, and teamed with Weissman to inaugurate the highly successful present-day operation.

Erie's wife, Alita, is a native of Texas, but has been a resident of Southern California since infancy. They and their son, Eddie, reside at 579 Highland Drive.

## New Anti-tank Rocket Ready

HUNTSVILLE, Ala. (AP) — The Army has developed a four and one-half pound anti-tank rocket carried in a throw-away container that doubles as its launching tube, it was announced here Thursday.

A telescopic aluminum inner section in the disposable container is extended before firing; the rocket's solid-fuel motor burns out before it leaves the launcher tube.

The rocket is stabilized in flight by narrow magnesium fins which spring into position after it leaves the tube.

More than 67,000 motor vehicles are registered in Alaska.

## An Important Decision

Residents of Desert Hot Springs face an important decision tomorrow—the vote on incorporation, and election of five councilmen if approval is given.

The incorporation campaign has been hard fought, with three groups issuing statements, facts and suppositions. One has been for incorporation, one against, and the third has termed itself neutral as an education group only.

All the facts possible have been presented on this issue, charges have been issued and answered. All that remains now is the vote.

The Desert Sun makes no recommendation either way on this issue, or on any of the councilmanic candidates who serve only if incorporation is approved.

This is a matter for residents within the specified boundaries to determine among themselves—whether their community would be benefited by incorporation.

We do urge, however, that all residents make it a point to vote, so that it is a clear cut decision.

Whatever the outcome, then let all bitterness generated by the campaign be forgotten.

## Only Trouble in Washington...

NEW YORK — A Washington Hotel manager tells me the only trouble the city will have, in taking care of the estimated 100,000 people who will travel to the Capital for the Inauguration of John Fitzgerald Kennedy is that all 100,000 want to stay in one of three or four hotels—the Statler - Hilton, Mayflower, The Sheraton Carlton or Sheraton Park.

There are about 7,000 first class hotel rooms in Washington (whose first Inns, incidentally, were built by a public lottery endorsed by G. Washington) but many motels have sprung up around the city, and a great many private houses will open their doors to paying guests. The guess, by the Washington estimate, is that nobody will be forced to sleep in Rock Creek Park.

WE ASKED HIM how this one will differ from past Inaugurations.

"Matt McCloskey, the Democrats' Treasurer from Philadelphia, is going to make this one pay off the party debt," he said. "The people around Mr. Truman and Mr. Eisenhower apparently weren't smart enough to figure they could make a contribution to the party a condition for getting tickets to the proper events."

The Managers of all of Washington's top pleasure domes are getting lots of pressure mail,

some of it quite abusive, from old customers who find themselves unable to get rooms where they like to stay, because of commitments the hotels made to the Inaugural Housing Committee last August.

WE TOOK A couple of our teen - age kids to Basin Street East the other night — by a narrow vote. (I had held out bitterly for Guy Lombardo.) They wanted to hear the Dave Brubeck quartet and Sarah Vaughn. The place was absolutely filled. Nobody seemed to be eating or even drinking. There was no dance floor. Just this rapid ritual that the poor old man found incomprehensible.

In time, Miss Vaughan, a woman with a fine smashing voice, sang something that sounded like "Oobie, Shooobie, Doo, Ebbie, Jeebie Doe, Oobie, Shooobie, Do Do De Do, Ebbie, Jeebie Joe." The audience listened with tense rapture.

"I didn't dig that last line," I said to one of the kids. He looked at me like something from Mars, via Vincent Lopez's Fox - trot championship. "You're not a square, Pop," he said. "You just have no soul."

IF YOU LIKE to clutter your mind with facts you may never have to draw upon for the rest of your days, or quiz shows re-

turn, you are herewith indebted to A. T. & T. The 1960 edition of its booklet "The World's Telephones" presents such rare tidbits as these:

You can't make a private phone call to Basutoland, Ifni, Swaziland, Christmas Island or the Aden Protectorate. No such phones there. There are now 133,600,000 telephones in the world, more than half of them in the U. S. Canadians talk more than any other phone users, Icelanders next most. (Probably to keep warm.)

YEMEN AND SIKKIM are a couple more countries never bothered by ringing phones or wrong numbers. The descendants of Mr. Christian or Pitcairn, preserving the splendid seclusion he sought, get no calls either. Princess Grace's Monaco has a whopping 7,252 phones, which is 7,251 more than the United Kingdom's bit of the Virgin Islands. So there! —Perfidus Albion.

The Soviet Union, covering the biggest land mass of them all, has 4,022,633 phones. That's only half a million less than New York City.

We mentioned the latter statistic to a Russian friend in UN today. He thought it over a moment, gloomily, then said, "Yes, but what about your lynchings in the South?"

## Fort Knox Coffee Can

WASHINGTON — For some reason which only a psychiatrist could explain, I have developed a remarkable facility for remembering things that I had just as soon forget.

Odd bits of jigsaw from the past keep floating around on the surface of my cerebrum while important tropical matters like remembering to put air in the spare tire sink immediately to the bottom and stay there until the next flat.

JUST NOW, FOR instance, my brain waves washed up an article I read years ago in the Reader's Digest about the vicissitudes of a poor but dishonest widow who was left with a large family to feed.

She put a coffee can on the kitchen shelf and told the kids it contained money for a rainy day. To the children, the can became a security symbol and they would go hungry rather than let their mother open it.

IT WAS NOT UNTIL they had grown up that they learned the old lady was lying to them. There actually was nothing in the can but coffee, which must have been rather stale by that time. Nevertheless, it had served its purpose.

I don't know why this little tale stuck in my memory box because it was one of the most forgettable magazine pieces I ever read. But I was somehow reminded of it this week as I was looking over a press release issued by Rep. Carroll D. Kearns (R-Pa.).

KEARNS ANNOUNCED that he was about to introduce a resolution calling for the appointment of a congressional committee to count the gold in Fort Knox. The purpose of this, he said, would be to determine the "actual amount" of bullion

on deposit there. He noted that no body of elected representatives had "ever entered the sanctum sanctorum of any of our mint institutions" to check on "the validity of inventories which have been taken by appointed people."

TO THE NAKED eye, Kearns' proposal would seem to be rife with implications, the most obvious one being that some sort of skulduggery had been taking place in the vaults.

Kearns, however, stipulated that he was not acting out of "district of personnel" in charge of the gold, "but rather to reassure the public as to the safety of their securities."

Be that as it may, I can't seem to get that magazine ar-

ticle out of my mind. I keep remembering how that poor widow told her children there was money in the coffee can.

SUPPOSE, I SAY to myself, the committee that Kearns wants to create found out there actually isn't any gold at Fort Knox... that Uncle Sam has only been using it as a security symbol.

If that were the case, we would be like the widow's children. We would be better off if we didn't know it.

There is a moral in the widow's story which can be applied to the entire monetary system. The moral is: Stale coffee is as good as currency as long as you don't try to spend it.

## This Side of The Sun

By Phat

Oh, east is east  
And west is west  
And ne're the twin shall meet  
But Rudyard wrote  
That long before  
The autos clogged each street.

I don't know how I overlooked the 85th anniversary of the birth of Rudyard Kipling because he's one of my favorites. I especially like that one from which the top three lines are cribbed.

ANYWAY, I was reminded of it while being chauffeured to that spot near Arcadia where horses run around in circles and so do people.

On Highway 66, saw two cars locked in head-on embrace.

One was from Puerto Rico, the other from Hawaii.

They came from far apart, east and west, but they met.

JUST BEFORE the dawn of the new year, I mentioned the fact that either way you looked at 1961 it would still be 1961. Then I lamented the fact that it wouldn't happen again until 6009 and after that not until 9006.

Seems that I erred. For yesterday in the mail came a note.

THE WOMAN WROTE: "That piece about the reversible years cost me much sleep for which I blame you. I lay awake thinking about upside down years and finally found where you goofed."

"After 6009, we won't have to wait for 9006 to do it again. How about 6119?"

All right, lady, you wait. I'm the impatient type.

WHEN I FIRST heard of it I thought: "Gee that must have been a party!" That was when someone told me that a woman had lost her skirt in a local lounge.

Figured that would be worth investigating and visioned a woman walking down the street in a barrel.

It was true, all right. But this woman had had nothing more potent than unspiced orange juice.

And the skirt she lost was one she was taking to the cleaners.

L. C. LEWIS of Cathedral City, commenting on fatalities in air crashes compared to the toll on the highways (211 to 38,700 in 1959) said it might be interesting to compare railroad safety with airline and traffic figures.

Well, Mr. Lewis, the latest available figures I could find were for 1958.

That year the ratio of deaths to the number of passengers carried was: automobiles, 2.3; airlines 0.41; railroads, 0.27.

PETE LAVERTY, the maestro of the matrix in the typesetting department of The Desert Sun, was looking over teletype copy the other day and commented:

"Humph, no news from Washington."

"Why," wondered the printer's devil.

"He's dead," said Pete.

## Dear Abby...

...by Abigail VanBuren

DEAR ABBY: I am 55 and am engaged to a man, 60, who can give me security and interesting companionship. Here is my heartache: Six years ago he was engaged to a woman who told him she wouldn't allow him even an occasional cocktail. He broke the engagement and asked her to return the beautiful two-carat diamond he had given her. Now he wants to adorn my finger with the same ring. Should I tell him to play a new ring? I don't want to play—

SECOND FIDDLE

DEAR SECOND: Why don't you suggest that he have the diamond reset in a new mounting? It takes a lot of lettuce to replace two carats.

DEAR ABBY: Do you realize that because you printed the letter signed "Jay L." you could be indirectly responsible for restoring vision to hundreds of sightless people?

But Abby, please correct a popular misconception about the legal "willing" of eyes. Cornea transplants must take place 48 hours after decease. Prospective donors must make prior arrangements by writing to EYE BANK, 210 East 64th Street, N. Y. C. A card is sent to the donor, which he carries in his wallet, authorizing the removal of his cornea immediately after death. There is definitely NO personal disfigurement and no cost to the donor. In my opinion, the legacy of sight is one of the finest humanitarian acts a person can perform. Gratefully,

F. J. McD

DEAR ABBY: Please settle an argument by reprinting a letter you had in your column two years ago. My husband doesn't believe you wrote it, but I know you did, because it struck so close to home I cut it out and memorized it. Here it is:

"DEAR ABBY: Why does a

man who has a lady for a wife pick up a tramp and treat her like a lady. Then he will turn around and treat his wife like a tramp?

LYDIA

DEAR LYDIA: A man picks up a tramp because he wants a female companion who is no better than he is. In her company he doesn't feel inferior. He rewards her by treating her like a lady.

He treats his wife like a tramp because he thinks by degrading her he will bring her down to his level. Then he feels guilty. So in order to get even with his wife for making him feel guilty, he keeps right on punishing her."

## Letters to the Editor

Editor, The Desert Sun

Some weeks ago I was asked to write publicity for the local Red Cross Chapter. I agreed to do the best I could on this (no pay) job, as we are proud to claim the village as our "winter home base," and desire to assume our civic obligations. In this task I am, of course, wholly dependent on the papers and radio stations to get the Red Cross story over to the village folk.

Later in the year both winter visitors and permanent residents will be asked to "give" to this cause. But "give" is not the correct word. What people will be doing is investing in a comprehensive insurance policy, covering a wide range of troubles and disasters. Few of them will ever "cash in" on their claims, just as few holders of fire insurance will ever collect on their policies.

Yet, the protection is there, instantly ready to relieve suffering, bring order out of chaos, hope out of hopelessness, with skilled men and women to direct, advise, supervise. I was frankly amazed at the scope of the Red Cross. Much of its work is preventative, as water and fire safety, First Aid, mother and baby care, to list a few of its courses.

So, in truth, no one "gives" to the Red Cross, any more than he "gives" to his insurance agent. I believe that it is vitally important that we have a strong well financed efficient organization, able to function instantly in times of trouble. I believe people will support this agency, when they see their donation as really a premium for a most inclusive kind of accident and disaster insurance.

The co - operation of The Sun and all other news media is greatly appreciated by the Red Cross, and the dedicated men and women whose voluntary efforts have made these two words synonymous with mercy and assistance.

Sincerely yours,  
Vollie Tripp

## Buttermilk Transforms Canned Soups

by Mary Marcell

You could have knocked me over with a feather! I always knew real churned buttermilk had that delicious tanginess that makes it a treat at any time of the day. I knew it was especially good when combined with fruit juices in taste - tantalizing beverages. In fact, I have "invented" several combinations which have made quite a sensation with my guests. Then came the suggestion to use buttermilk in combination with canned cream soups, and I was off to another adventurous trip through my food store shelves in search of my favorite cream soups. Cream of mushroom, celery, tomato, asparagus... it has been such fun. I want to pass on some of the recipes inviting you to try them and then, go on your own exploring trip to very enjoyable eating. Here they go!

**CHICKEN-CURRY SOUP**  
2 cans cream of chicken soup  
1/4 teaspoon curry powder  
2 soup cans Churned Buttermilk  
Stir soup; add curry powder and mix well. Heat carefully, stirring frequently. Blend in the buttermilk a little at a time. Heat but do not allow to boil. Chill in refrigerator at least 4 hours. Serve in chilled bowls. Serves 4 - 6.

2 soup cans Churned Buttermilk  
Stir mushroom soup until smooth. Then add asparagus soup and heat stirring constantly. Slowly add buttermilk and heat again, but do not allow to boil. Serves 4 - 6.

**CELERY-NOODLE SOUP**  
1 can cream of celery soup  
1 can chicken noodle soup

CATHEDRAL CITY — A group of 85 delegates will attend the convention sponsored by the Watchtower Bible and Tract Society of New York at the Municipal Auditorium in San Bernardino Jan. 13 through 15, according to Aime Beggin, presiding minister of the Cathedral City congregation of Jehovah's Witnesses.

There will be instruction to equip the preaching fellowship of Jehovah's Witnesses in the use of the Bible; morning, afternoon and evening sessions of Bible talks and demonstrations, which are open to the public without charge.

One of the highlights will be the baptismal service and ceremony on Saturday, to be conducted by district supervisor Theodore Jaracz. He also will address the group at 3 p.m., Sunday, on "Is God Interested in the Affairs of Men?"

### AT DATE FESTIVAL

## Indio Horse Show Facilities Better

INDIO—National horse show enthusiasts can look forward to better facilities when they attend the National Date Festival and Riverside County Fair at Indio.

Fair officials this week received word from the Division of Fairs and Expositions in Sacramento that \$140,000 has been allocated for a much-needed cafeteria at the Festival grounds. This capital improvement is included in the 1961-62 budget and funds should become available this fall, Mrs. Jacques B. Crommelin, a director, said.

AN ADDITIONAL \$200,000 for the construction of a new grandstand is earmarked in the 1962-63 budget and will be available in September, 1962.

"This pleases us tremendously," Mrs. Crommelin commented. "The present cafeteria is far from adequate. The same can be said for the grandstand. The cost of patching up and maintaining these facilities each year has been increasing."

DATE FESTIVAL manager Bob Fullenwider said the national horse

show ranks as one of the largest in the West. Improved grandstand facilities will stimulate greater attendance.

The Date Festival is now seventh largest in the state and earns a greater financial return for the county and state than the majority of other fairs, Department of Finance figures show.

## Idyllwild Woman To Morocco on ARC Assignment

Miss Marilyn Lister of Idyllwild, a physical therapy instructor at the Rancho Los Amigos rehabilitation center of the Los Angeles County Health Department, is one of the six physical therapists who left this week for a six-month assignment in Morocco with international Red Cross medical teams.

Employed by the American Red Cross, the six women will help treat Moroccans still paralyzed from consuming adulterated cooking oil in the fall of 1959. They replace six other American Physical Therapy Association members whose six-month tour of duty in Rabat, Morocco is completed.

Nearly 10,000 Moroccans were stricken in the oil paralysis disaster. Only some 700 of these have been reported cured. About 3,000 others have largely recovered from the paralysis but still must report monthly for observation.

Miss Lister, who is on leave from her job at Rancho Los Amigos, is the daughter of Walter H. Lister of Idyllwild, a Los Angeles city fireman. She will travel to Morocco with five other physical therapists — Jean Blankenship of Gary, Ind., Lois Marie Cook of Portland, Maine, Marianna Johnson of Worcester, Mass., Muriel McGlamery of Mooreland, Okla., and Joe Ann Ray of Vonore, Tenn.

## TRUJILLO SET-UP FOR COMMIE COUP?

By LYLE C. WILSON  
WASHINGTON (UPI) — Fidel Castro and the Cuban shambles will be pebbles in the shoe of the next President of the United States. No doubt about that.

The Dominican Republic is likely to become another pebble in the shoe. Dominican dictator Rafael Trujillo is one of the bad guys of the Western Hemisphere against whom the good guys are ganging up.

THERE IS NOT MUCH to be said in favor of Trujillo except this: He is not in cahoots with the Kremlin and his successor may be.

When dictator Fulgencio Batista was running Cuba and Castro was promoting revolution in the Cuban hills, there wasn't much to be said in favor of Batista either, except this: Batista was not in cahoots with the Kremlin.

If politicians and administrations can learn from experience, President-elect John F. Kennedy will consider developments in the Dominican Republic in the light of experience in what used to be the Cuban Republic.

CASTRO CAME TO power in the disguise of a democratic opponent of dictatorship. Communism and the oppression which accompany both. Castro ballyhooed himself as a non-Communist and enjoyed powerful echoes of his ballyhoo in the United States. Batista fled Cuba on Jan. 1, 1959. The United States recognized Castro's revolutionary government six days later.

Recognition was the decision of President Eisenhower and of Secretary of State John Foster Dulles. It is possible but not likely that Eisenhower and Dulles would so quickly have recognized Castro if they had been properly in-

formed of the background of The Beard.

INCREDIBLE AS IT may seem to the taxpayers who pay for the mistakes of their government employees, it is reasonable to believe that neither the President nor the secretary of state had the facts in the case.

The alternative to that incredible situation would be even more incredible. It would be that the U. S. intelligence agencies were unaware of Castro's background and, therefore, were not competent to warn Eisenhower and Dulles against him.

THESE ALTERNATIVES raise some questions:

—Were the intelligence agencies unaware and, if not,

—Did Eisenhower and Dulles have full access to all intelligence information?

—Did the Central Intelligence Agency and/or the FBI submit reports in volume to the appropriate executive departments and, if so, who actually received the reports and what happened to them?

—Did Eisenhower and Dulles see these reports and, if not, why not?

THERE IS EVIDENCE, by implication at the very least, that the FBI had Castro's number well before he took Havana on Jan. 1, 1959. The word in Washington is that intelligence reports on Castro's Communist orientation were submitted regularly for the information of administration policymakers.

The word is not so clear on who actually received these reports in, for example, the State Department, nor what happened to them thereafter. All of the facts in the case of Castro seem important because another Cuba may be upon us — in the Dominican Republic.

## Flashing Signals On School Buses Aid Traffic-CHP

SACRAMENTO — "The flashing red lights on a school bus actually are designed to speed up traffic by lessening the number of stops for other vehicles," California Highway Patrol Commissioner Bradford M. Crittenden stated this week.

"Far from being a hindrance, the lights indicate to cars approaching from both front and rear when a stop is required. Before the flashing red signals were installed on school buses, drivers of other vehicles were required to stop whenever the bus halted," he pointed out.

"This resulted in a number of unnecessary stops, and caused some traffic tie-ups. Adoption of the flashing red lights was intended to smooth out traffic flow by reducing the number of mandatory stops."

The law provides that the school bus operator must activate the flashing red lights when he stops to load or unload children who must cross the street on departing from or to reach the bus.

Drivers approaching from either direction are required to stop upon viewing this flashing red signal, except that on a divided highway, drivers proceeding the direction opposite to that of the bus need not stop, the commissioner said.

BACTERIA AND ALGAE IN YOUR POOL  
NOW ENJOY YOUR SWIM IN  
"AQUATROL" PURE WATER.**

The Aquatrol® system works on a unique principle—well known to medical science. It purifies your pool by adding copper and silver ions as the water flows through your pool's circulation system. Your own doctor will tell you that the method is tested, proven, safe!

The silver ions destroy bacteria, and the copper ions eliminate algae. You get crystal-clear pool water—as fresh as a mountain spring! It's completely clear and colorless—a result of eliminating the chemicals which make pool water murky and the algae which discolor it.

Aquatrol pure water has other qualities you'll like. It tastes good—like pool water should! It's never salty. No odor. It doesn't irritate your eyes, skin, or sinuses. It doesn't bleach hair, clothes, sunbans, carpets, or furniture. Splash-outs don't kill grass or plants, and the water doesn't corrode pipes or filters.

Aquatrol doesn't cost—it pays! The savings you make on chemicals alone pay for the unit. It keeps on saving money every year. It only cost pennies a day for power to operate the system. Installation costs are low. Aquatrol can be purchased on budget terms with bank financing.

## Bender and Abel Featured Artists In PD Displays

**PALM DESERT** — Special exhibits through the month of January at the Desert Magazine Art Gallery here feature the oil paintings of Bill Bender, one of the West's most talented young artists, and the carved-wood panels of Mogens Abel, Laguna Beach artist.

The gallery, which is devoted exclusively to Southwest arts and crafts, is open to the public seven days a week from 9 a.m. to 6 p.m.

Bender, whose promising career was featured recently in the book "Painters Of The Desert," has already made his mark as one of the desertland's outstanding scenic painters. A resident of Oro Grande, he is a student of the famed Jimmy Swinnerton. Thirty of his paintings will be on exhibit.

Mogens Abel, a native of Denmark, is an honorary life member of the Laguna Beach Art Association, and is a director of the Festival of Arts Association in that city. His panels, all in desert motif, are sought by interior decorators.

### RETIREMENT OF AGED HIT BY SANDBURG

**HOLLYWOOD** — Poet Carl Sandburg criticized forced retirement of persons 65 and over Friday while cutting a birthday cake trimmed with 83 candles.

"I have never felt more productive in my life than I do right now," Sandburg told fellow celebrants at 20th Century-Fox Studios where he is preparing the screen version of "The Greatest Story Ever Told."

Deploping the forced retirement of the nation's older citizens, Sandburg said, "I did some of my best work when I was in my 70s. Let's hope that will continue in my 80s."

## AFTER SUNSET

## A New Fighter in Our Cultural War

By GEORGE LAINE

You can measure the cultural content of a town by how much the citizens — the interested citizens, I mean — accomplish despite outside negativism or disinterest.

In Palm Springs, which has — pardon my candor — possibly the most lackluster, disinterested, negative, retrogressive official city attitude on cultural activities, we can see nevertheless some strong, active pursuits growing.

**THE LATEST ADDITION** to the fold is a Desert Art Festival of Film Classics, scheduled to begin on Jan. 18 in the Desert Museum auditorium under the auspices of the Desert Art Center.

The Desert Art Center has been — to use a favorite catchphrase of Gus Kettmann — "a lightweight." Its activities have been centered in a localized area, appealing to a localized few. In this Film Festival, however, the Desert Art Center has taken on a new dimension.

The first program in the series will present "Henry V," the great British film picturization of this classic story starring Laurence Olivier and Robert Newton. Also scheduled is "Bow Bells," another English effort featuring a number of music hall songs, and a Charlie Chaplin comedy of ancient vintage called "The Adventurer."

**THIS IS EXTREMELY** meaty fare for a town grown accustomed to the Ballet Russe and Buddy Lester as cultural peaks.

It is additionally meaty in view of the fact that it is — as they say in Variety, Billboard and the Hollywood Reporter — a one-shot deal.

There are six weeks of similar attractions in store for culturally-bent Villagers through May 3. Included in the line-up are such masterworks on film as:

—Third Avenue El. The spectacular American prize-winner which details photographically — and with painlessly few words — the story of an elevated train ride.

—The Titan. The fantastically photographed story of Michaelangelo, complete with a narration by Fredric March.

—A Time Out of War. The much-lauded, much-revered documentary on the Civil War. (And this is the 100th anniversary of that great fraternal holocaust.)

—Dream No More. A beautifully-told love story filmed in, of and by Israelis, joyous for their newborn nation.

And many others.

**TO MY KNOWLEDGE**, it is the first valid festival of classic motion pictures to be unloosed upon our town. Surely, it is the first concentrated effort to bring films to Palm Springs for their intrinsic value, not their commercial appeal.

Like Gillette blades, culturally-inclined Villagers have to resort to a push-pull, clock-click sort of method in bringing things of this nature to Palm Springs. (And the emphasis is on the push-pull, not the click-click.)

We have seen, in recent years, the Community Forum present series of lectures of monumental quality totally without city approval — and even without city concern. (I can't recall a proclamation being issued for the Forum for bringing high caliber speakers to our town although Eddy Howard got one. I suppose the first Angel to hit a single in the Polo Grounds will also get one.)

The Community Concerts Association, formed more or less in the vacuum of this city's inaction along cultural lines, has proven an unqualified success. There are 1,100 citizens in the City of Palm Springs who have spoken — by purchasing a \$7.50 season ticket — to the effect that they want cultural involvement.

## HERE'S FULL SCHEDULE OF FILM CLASSICS

The following is the complete schedule of films to be shown in the six programs offered by the Desert Art Center in its first Desert Art Festival of Film Classics. The dates and the films are:

Jan. 18 — Henry V. Bow Bells. The Adventurer.

Feb. 8 — A Nour, La Liberté. Night in a Pet Shop. Third Avenue El.

March 1 — The Titan. A Dancer's World. Robert Benchley's Comedy Series.

March 22 — The Magnificent Ambersons. A Time Out of War. Song of the Prairie.

April 12 — Dream No More. In the Year of Our Lord.

May 3 — The Seventh Seal. The Demon in Art. The Immigrant.

Well and the Palm Springs Player-Stage company, both of them dedicated to the promulgation of theatrical arts here, have received lukewarm reactions at the official level.

**ANYWAY, THAT'S** the status of the arts as they stand at this juncture.

There are a few gallery shows slated around our town — including the brand new Contemporary Arts Gallery to be located at Palm Canyon Interiors — and they figure to have less trouble with the official city attitude. They'll be largely private, open to whomever is desirous of broadening their art horizons by viewing new and different ventures rendered by the best artists available.

Because of this official attitude toward things that deal with the arts, it is noteworthy — and laudatory — that the Desert Art Center should leap feet-first, as it were, into the picture. I congratulate them, as I'm sure — do the rest of those interested in the creation of an artistic climate here.

But I can't help thinking (and delivering the word of caution to them) that this would have been a great place for Socrates to have lived. I can almost see Mary offering him the cup of hemlock...

**BOB KARL SEEMS TO BE CAUGHT** in a squeeze play with The Karlequins as his song and dance trio go into hilarious moment during their act currently billed at Palm Springs' Chi Chi through Thursday, Jan. 12. Appearing also is baton stylist Karen Kingsley with Bill Alexander's Orchestra providing music for show and dancing in Starlite Room.

## The TV Channel Swim...in Advance

By FRED DANZIG  
NEW YORK (U) —Look for a one-hour Western, "Gunslinger," to replace "The Witness" on CBS-TV's Thursday night schedule on

or about Feb. 9. New series stars Tony Young and Preston Foster. Ailing Red Skelton's Tuesday night CBS-TV half-hour will be occupied by Danny Thomas, Ed Sullivan and Bobby Rydell, Jackie Gleason and Arthur Godfrey, Marcel Marceau during the remainder of January.

THE "FAMILY Classics" series, which now presents literary classics as a two-installment production on CBS-TV, is expected to become a single one-hour program beginning in February — if the network, sponsor and producer reach agreement.

Norman Kahn is now the acting producer of NBC-TV's "Dave Garraway Show" following the resignation of producer Robert Northshield.

ON THURSDAY, Jan. 26, when Fred Friendly, executive producer of "CBS Reports" becomes producer of "Face the Nation," the latter program becomes known as

"CBS Reports Presents Face the Nation." Howard K. Smith will be the moderator of the expanded "nation" program, which becomes a full-hour debate on important issues.

Vice President Nixon contributed a filmed statement Thursday to NBC-TV's "Tribute to a

Patriot," Tuesday's special which honors President Eisenhower. Nixon had originally declined the invitation to participate in the show but a more convenient filming schedule caused him to change his mind.

## Schoolboy Rowe Succumbs to Heart Attack

EL DORADO, Ark. — IM — Lynwood "Schoolboy" Rowe, who helped pitch the Detroit Tigers to two consecutive American League pennants in the 1930's, died at his home here Sunday night of a heart attack.

The strapping, 6-foot-4 former major leaguer would have been 49 years old Wednesday.

ROWE EQUALLED an American League record in 1934 when he won 16 consecutive games. He finished that season with a 24-8 won and lost record.

However, he is best remembered for an incident that happened in the 1934 World Series between the Tigers and the St. Louis Cardinals.

WHILE MOWING down the Cardinals' famed "Gas House Gang," that included the incomparable Dean brothers, Paul and Dizzy, in the second game at Detroit, Rowe spotted his wife seated in the stands and hollered, "How'm I doin', Edna?"

Members of the St. Louis team heard the remark and every time Rowe took the mound thereafter they would chant, "Yoo, hoo, Edna . . . How'm I Doin', Edna."

THE TIGERS WON that second game behind Rowe to tie the series at 1-all but Paul Dean beat Schoolboy in the sixth game and Dizzy Dean pitched the Cardinals to victory in the decisive seventh game.

In 1935, Rowe won 19 games to again pitch the Tigers into the World Series. This time they beat the Chicago Cubs with Rowe winning one game and losing two.

After another 19-victory season with the Tigers in 1936, Schoolboy developed arm trouble and won only one of seven decisions the following two years. However, he made a stirring comeback with Detroit in 1940, winning 16 and losing only three games.

## SANTA ANITA YEAR PLAGUED BY INJURIES

ARCADIA — This could be the unluckiest winter racing in Santa Anita history with Kelo, the 1960 "Horse of the Year," declared out for the season because of an injury, and now Bagdad and Fleet Nasrullah possibly eliminated forever from racing.

Bagdad and Fleet Nasrullah, a popular pair of stakes thoroughbreds, were injured in Saturday's San Carlos Handicap. The injuries may end their brilliant careers.

## ANGELS TO OPEN TRAINING FEB. 24

Spring training activities in Palm Springs for the Los Angeles Angels will start Friday, Feb. 24, with the opening game set here for Saturday, March 11, with the Chicago Cubs as opponents.

First day here will be uniform day, with workouts at the Polo Grounds to start on Saturday, Feb. 25.

IN ANOTHER announcement today, Manager Bill Rigney selected Bob Elliott, manager of the Kansas City Athletics last year, as his first coach. "I feel Bob is one of the best men around," Rigney said. "I have known him a long time and his knowledge of the American League will be most valuable to me."

The new American League entry — the first club to represent the junior circuit on the West Coast — will play 11 games in Palm Springs and 15 on the road, including a pair with the Atlanta Crackers at Atlanta, prior to the start of the 1961 season. The Angels open their first campaign at Baltimore on Tuesday, April 11.

LOS ANGELES WILL meet all four major league clubs training in Arizona twice each at Palm Springs. They will face the Cubs at Mesa four times, the Cleveland Indians at Tucson three times, San Francisco at Phoenix twice and the Boston Red Sox once at Scottsdale.

General Manager Fred Haney said, "We are very grateful to four major league clubs training in Arizona for their cooperation in helping us set up an exhibition schedule at such a late date. They were all very helpful."

THE ANGELS ALSO will meet two Pacific Coast League clubs. They will host the San Diego Padres on Sunday, March 26, and Saturday, April 1. They meet the Vancouver Mounties at Palm

## Basilio Wins, Awaits Length Of Suspension

NEW YORK — IM — Carmen Basilio returns to his home at Chittenango, N. Y., today with a comeback victory under his belt and congratulatory echoes in his ears; but he must wait till Friday to learn the length of his suspension for breaking a weight-agreement.

The former welterweight and middleweight champion was suspended Saturday night at Madison Square Garden immediately after his unanimous decision over Mexican Gaspar Ortega in their nationally televised 10-round fight.

Members of the New York State Athletic Commission broke a 155-pound agreement when he scaled a surprise 159½ for the fight with Ortega, who registered only 149½ — exactly 10 pounds less.

## Durocher to Be Dodger Coach

LOS ANGELES — IM — Leo Durocher is expected to rejoin the baseball fraternity today after a six-year absence — but as Los Angeles Dodger coach and not in the familiar fiery manager's role he's best known for.

## Pros to Practice

LOS ANGELES — IM — Opposing Pro Bowl coaches, Buck Shaw of the East and Vince Lombardi of the West, sent their burly squads through the first serious practice sessions today.

## Krause Is Winner

POMONA — IM — Billy Krause, Long Beach, grabbed the pole position in the qualifying run and won the 20-lap championship this weekend at the Pomona Road Races.

## Unrated Back Paces East To 14-7 Win

HONOLULU — IM — Unheralded Francis Tarkenton, a sharp-shooting quarterback from the University of Georgia, put on a dazzling passing exhibition Sunday as he paced the East All-Stars to a 14-7 victory over the West All-Stars in the 15th annual Hula Bowl classic at the Honolulu Stadium.

More than 17,000 fans sat under a balmy Hawaiian afternoon and watched the 6-1, 190-pound Georgia whippet complete 19 out of 33 pass attempts for 204 yards and both of his team's touchdowns.

For his outstanding efforts, Tarkenton was voted the game's outstanding back and was presented with the governor's award.

Mike Ditka, All-America end from Pittsburgh, who snagged one of Tarkenton's passes for six points, was selected the outstanding lineman of the game by the press corps. He received the mayor's Trophy.

## Grid Deaths Down

PITTSBURGH — IM — Football injuries were directly responsible for 12 deaths during the 1960 gridiron season, the smallest number of fatalities since 1955, it was announced Sunday.

## Continues Through Thursday

Golf balls started soaring at O'Donnell Golf Club this morning as play got under way in the annual January tournament of the Palm Springs Desert Senior Golf Association which will continue through 54 holes until Thursday night.

Official opening of the tournament is slated for tomorrow but because of the large field of approximately 140 seniors, play at O'Donnell was split into two sections.

SLIGHTLY LESS than half of the field started play today at O'Donnell and the remainder will start teeing off at 8 a.m. Tuesday.

Second round of 18 is scheduled for Tamarisk Country Club Wednesday with the final round of 18 at Thunderbird Country Club Thursday. First tee-off is at 8 a.m. each day.

THE TOURNAMENT will be played in best ball twosomes and resulted in a tie last year when Gail Cave and Ray Jones in one team and Dr. L. M. Andrus and J. J. Hallenbeck in another each carded 179s. All four are back to play this year.

Twosome pairings will prevail throughout the tournament but the daily foursomes will be changed each day.

FIRST THREE LOWS in the 54-hole twosome event will be awarded handsome prizes Thursday night at Thunderbird at the closing banquet.

Prizes are also posted for the daily foursomes and for the President's Flight and at designated holes at each of the three clubs hosting the event.

## Harney Has One Stroke Open Lead

LOS ANGELES — IM — Crowd-favorite Paul Harney took a shaky one-stroke lead into what should be the wind-up round today of the sun-blessed \$45,000 Los Angeles Open golf tournament.

But with the field so tightly packed, no less than 15 men were in easy shooting distance of the slender, graying 31-year-old Worcester, Mass., pro's 207 score.

IT WAS ALMOST anyone's choice as to who would take home top prize of \$7,500. And then there's always the chance that the 35th annual event would end up

JIM PETERSON, right, Sports Car Club of America Race Chairman, points out to Dave Harris, chairman of the race for Palm Springs Junior Chamber of Commerce, how the course will be designed for the Sports Car Races on Jan. 21 and 22. Ticket sales will be handled by the Jaycees, and special prices will be set up for advance sales. The Jaycees will start this week in a campaign to get trophy donations from local merchants. Race headquarters will be at the Desert Inn. (Desert Sun Photo)

## Tortoise Tim's TIMES

## T. T. WISHES ALL A HAPPY NEW YEAR

Happy New Year, everyone! We hope that each one of you had the best holiday season ever!

As soon as you've written all your thank you notes, refill that pen, or sharpen that pencil, or find one in that drawer of yours... There's one under that pile! See it? Now that you've got something to write with, write up those pictures you took with your new camera, or draw up that joke you heard, or do a series of pictures (draw) of your holiday or an adventure you had during vacation. (3 1/2 inches by 5 1/2 inches.)

Go ahead and try it. Come on... That's fine! Now put it in an envelope and mail to Tortoise Tim's Times, P. O. Box 190, care of The Desert Sun, Palm Springs, or give it to your teacher. If it appears in the Times, \$2 will be

yours. (And who can't use an extra \$2... with income tax and all coming...)

See you  
T. T.

### Brain Cracker

While there were "answers" to the last problem, they either had no explanation or the explanation was incomplete. Remember, guesses may be fine, but the old professor needs to know how you found the right answer.

Three children found six coins each in the toes of their Christmas stockings: 48c, 52c and 23c. Can you tell how many of each kind of coin they received?

## Good Neighbor

MRS. GILLETTE, one of the first grade teachers, helped our class with the plays we had. She takes time out for us. We practice in the auditorium. Mrs. Gillette played the piano for us. She helped us in our "Let's Play Indian" play and in our Spanish puppet show and Indian dance and slide show, too.—Debra Hicks (9) Heim Ranch, P.O. Box 961, Indio.

## POET'S CORNER

**SNOW FALL**  
By Timothy Jay Smith (9)  
31-069 San Gabriel Circle  
Palm Springs  
The weather man said,  
"The snow will fall tonight."  
Right now I believe him,  
For the snow lay bright.

It covers the gardens,  
It covers the ground,  
It covers roofs of houses,  
It lies all round.

It is so white,  
It looks like sheep,  
Walking together,  
In a big fleet.

Now it is as stopped,  
I know it was fun,  
But it has snowed,  
And now it is done.

**SNOW ON THE MOUNTAIN**

Class, Agua Caliente School  
Snow on the mountain

is slippery and cold.  
If you want to go skiing,  
you have to be bold.  
If you want to buy ice cream,  
you have to bring gold.  
You'd better hurry up,  
or it will all be sold.

**BOOKS**  
By Becky Glass (9), 218 Ocotillo,  
Palm Springs  
I have no favorite in a book,  
I like them, quite a few.  
I'd like to look and look and look  
And find one right for you.  
If I've a chance all by myself,  
Do you know what I'd do?  
I'll take a book right off the shelf  
And read it through and through.

**SNOW**

Katherine Finchey School  
Snow, blow, snow, blow,  
Look at the snow.  
It is snow.  
The wind is blowing, too.

## Movie Critic

**RIDE LONESOME**  
By Rod Medigovich (11)  
3933 Calle San Antonio,  
Palm Springs

"Ride Lonesome," starring Randolph Scott, was in color. It was about Billy the Kid. Randolph was taking him to jail. On the way, they had lots of trouble with the Indians. Billy's brother Frank, and his four men.

I liked the movie because of the scenery and because I like Randolph Scott. I also like westerns.

### Cleaning Out

DALLAS, Tex. (UPI) — The Dallas Health and Science Museum has a new project to get the "skeletons out of its closets." The museum is starting a program to make models of portions of the human anatomy available to schools and organizations for study.

### ALMANAC

Today is Monday, Jan. 9, the 9th day of the year with 356 more in 1961.

The moon is in its last quarter. The morning star is Mars.

On this day in history: In 1788, Connecticut was admitted to the Union.

In 1793, in the first successful balloon flight in the United States, a Frenchman, Jean Pierre Blanchard, soared up above the courtyard of the Germantown prison and set out in the direction of New Jersey.

In 1859, American suffragist Carrie Chapman Catt was born.

In 1861, Mississippi seceded from the Union.

In 1945, American soldiers invaded Luzon in the Philippines.

Thought for today: American writer Washington Irving said: "A sharp tongue is the only edge tool that grows keener with constant use."
